

DEE BLANCO D.V.M.

BIO

Dr. Blanco has certifications in Classical Homeopathy and Acupuncture, and has studied Functional, Environmental Health and Nutritional Medicine extensively. Dr. Blanco's wellness practice is based on Classical Homeopathy, Nutritional Therapeutics and Natural Rearing Education. From the Land of Enchantment, Santa Fe, New Mexico, she consults, teaches and treats.

Dr. Blanco received her DVM in Veterinary Medicine from Colorado State University in 1981. She received her certification in veterinary homeopathy in 1992 from the Academy of Veterinary Homeopathy. She received her acupuncture certification from the International Veterinary Acupuncture Society.

She cannot remember a time as an animal physician that she wasn't trying to help folks understand about their animals' condition. She has always hoped that explaining in non-doctor terms the basic anatomy and physiology of the condition might help to support healing, help engage more, have less fear, with the hope of a better outcome.

TOPIC

“Vaccines versus Homeopathy and the Health of your Animals”

Dr. Blanco will present how to use Nutritional therapeutics combined with Classical Homeopathy. She will also discuss the most common situations where homeopathy is used for animals including emergencies, grief, fear, and various other traumas. She will give case examples. She will discuss the vaccine issues including vaccinosis, chronic disease expression, and the psoric and sycotic miasm.
